Managely Release Notes

June 2024

Version 5.3.39.10

MANAGELY®

Enhancements

Post Avalara Transactions Via Correct Integration Based On AvaTaxCode

We are supporting the ability to post transactions to the correct Avalara Endpoint and Company Code based on the AvaTaxCode associated with the transaction. For customers who have two configured Avalara integrations within Managely, the system can find and use the correct integration based on the AvaTaxCode.
