Application Corrections

Cannot generate AR aging report [114024]

The AR Aging Report was timing out and displaying an error. We increased the timeout for the report to resolve the issue.

Cannot access and review GL accounts [114072]

We fixed an issue that was causing an error when opening a GL account in the register.

Unable to reconcile my bank account [114053]

We resolved an issue that was causing an error when starting to reconcile a bank account and choosing finish later.
