Application Corrections

Non-Admin users unable to create groups in proposals [112199]

We fixed this issue to allow users who have permission to add or edit proposals to also be able to manage groups.

Processing Credit Card Payments [00112749, 114094]

We corrected an issue that was preventing Forte payments from going through when users clicked the submit payment button.

Variances in the RMR amounts [111052]

We added a message that appears on the RMR Generation Summary email to indicate that that the amount shown in the summary includes taxes, explaining the difference between the amount on the summary email and the amount shown in Managely.
