

Parts List Definitions

Last Modified on 03/03/2025 3:40 pm EST

To view the Parts List, navigate to Inventory > Parts.

Functions available from the parts list:

- Add new parts.
- Edit existing parts.
- Delete existing parts.
- Display a list of inactive parts.
- Open the part record by clicking on the hyperlink in the Part Code column.
- Sort the grid on any of the column headers.
- Create filters to refine the data displayed.
- Select additional or different columns to display in the grid area.
