

Warehouse List Definitions

Last Modified on 04/27/2022 11:02 am EDT

To view the Warehouse list, navigate to Inventory > Warehouses.

The Warehouse list will be displayed. At the upper right of the page, a dollar amount will be displayed, which is the value of all parts in all warehouses.

There are three basic functions available from the Warehouse list:

- View a Warehouse details
- Edit a Warehouse setup information
- Delete a Warehouse
- Show inactive Warehouses
- Open the warehouse record by clicking on the hyperlink in the Warehouse Code column.
- Sort the grid on any of the column headers.
- Create filters to refine the data displayed.
- Select additional or different columns to display in the grid area.

The screenshot shows the 'Warehouses' interface. At the top left, there is a '+ Add Warehouse' button and a 'Custom Grid Layout' button. To the right, there is a toggle for 'Show Inactive Warehouses' (currently off) and a 'Total' value of '\$112,491.50'. Below this is a header row for the table with columns: Warehouse Code, Warehouse Name, Warehouse Total, and actions (Edit, Delete). The table contains 15 rows of data. At the bottom, there is a pagination control showing '1' of 15 items and a 'Refresh' button.

Warehouse Code	Warehouse Name	Warehouse Total	
*MI-Main	Michigan Main Warehouse	\$0.00	Edit Delete
*Ohio-Main	Ohio Main Warehouse	\$10.00	Edit Delete
