

Balance Sheet Report

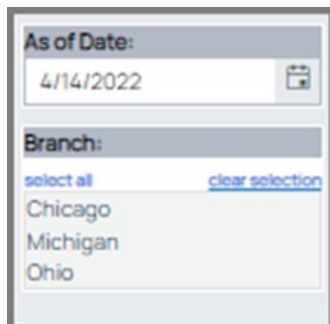

Last Modified on 08/18/2025 6:25 pm EDT

The Balance Sheet Report is used to view the balances in all Balance Sheet accounts as of a particular date. The total Assets and the total Liabilities and Equity should be equal.

Report Parameters

The parameters available for this report are:

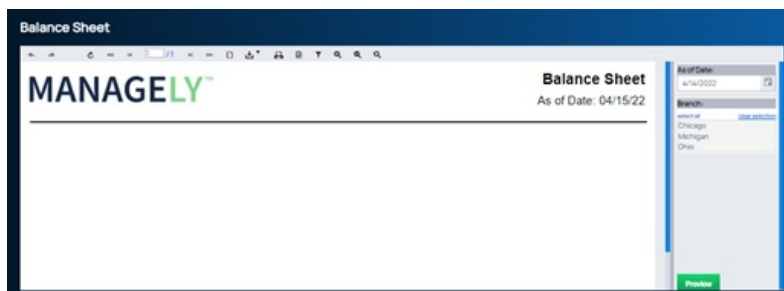

- As of Date
- Branch

A screenshot of a web form for report parameters. It has two main sections: 'As of Date:' with a date input field showing '4/14/2022' and a calendar icon; and 'Branch:' with a dropdown menu showing 'select all' and 'clear selection' links, and a list of branches: 'Chicago', 'Michigan', and 'Ohio'.

Generate the Balance Sheet Report

1. To generate this report, navigate to Reports > Accounting > Balance Sheet.
2. The Balance Sheet page is displayed. In the Parameters area, make the desired selections. When finished, click on the Preview button.

A screenshot of the 'Balance Sheet' report page in the MANAGELY system. The page has a blue header with the title 'Balance Sheet' and 'As of Date: 04/15/22'. The main content area is empty, showing only the MANAGELY logo. On the right side, there is a parameters panel with the same 'As of Date' and 'Branch' controls seen in the previous image, and a green 'Preview' button at the bottom.

3. The report results are based on the selections in the parameters area. The report lists all invoices first and then all credits. Users may use the function buttons to print or export the report.
