Sites/Systems Tab

Last Modified on 10/08/2026 11:59 am EDT

The Sites/Systems tab displays all active Sites for the customer.

Show Inactive Sites

Clicking on the toggle labeled **Show Inactive Sites** displays all active and inactive sites.

Add Site Button

Clicking the **Add Site** button opens the Site form to create a new site for the customer.

Show Systems

Clicking on the "+" symbol to the left of a Site displays a list of all Systems linked to the Site record.

Site and System Hyperlink

In the Site # column or System # column, clicking on the hyperlink opens the Site or System record for viewing.
