

Delete Parts Within a Part Kit

Last Modified on 04/27/2022 10:52 am EDT

Users may delete Parts contained within a Part Kit.

To delete a Part within a Part Kit, navigate to Setup > Items & Parts > Part Kits.

The Part Kits listing will be displayed. Locate the Part Kit, and click the “+” sign to the left. This will display all the parts included in the Part Kit.

Locate the part to be deleted, and then click the Delete button to the right of the part.

The screenshot shows the 'Part Kits' interface. At the top, there are buttons for '+ Add Part Kit' and 'Export to Excel', and a toggle for 'Show inactive part kits' (currently off). Below is a table of Part Kits:

Part Kit Code	Description	Total Parts	Default Rate	
+ TZ-1	TZ Kit	3	\$10.00	Edit Delete Parts
+ FS-1	FS Kit	0	\$0.00	Edit Delete Parts
+ Vista20P-Kit	Panel, battery, PIR (2), keypad, door contact, keyfob	7	\$325.00	Edit Delete Parts
+ TZ-2	TZ Premium Kit	0	\$150.00	Edit Delete Parts
- Vista128FBP-Kit	Vista128FBP Panel, 7940 WH contact (2), 5890 motion, 6160 Keypad.	5	\$450.00	Edit Delete Parts

Below the Part Kits table is a detailed view of the parts within the selected kit (Vista128FBP-Kit):

Part Code	Description	Quantity	
5890	Wireless Pet Immune Motion	1	Edit Delete
6160	Keypad	1	Edit Delete
7940WH	Universal contact	2	Edit Delete
Vista128FBP	Fire/Burg Control Panel	1	Edit Delete

The 'Delete' button for the '6160 Keypad' part is highlighted with a green circle. At the bottom of the interface, there are navigation arrows, a page indicator '1', and a 'Refresh' button.

A confirmation message will be displayed. If you are certain this part should be removed from the Part Kit, click the Yes button.
