## Edit a Work Order Type

Last Modified on 03/04/2025 4:52 pm EST

To edit a Work Order Type, from the main menu, arrive at the Work Order Types setup with this path: Setup > Operations > Work Order Types.

The Work Order Types list opens. Locate the Work Order Type you want to edit, and then click the **Edit** button.

Work Order Types		
+ Add Work Order Type		Show Inactive Work Order Types
Description	Appointment Length (minute	s)
CCTV Installation - Residential	240	🖉 Edit 🛅 Delete
CCTV Installation - Commercial	480	Sedit Delete
	'	
an an 🖬 an an		1-9of9items 2 Refresh

The Edit Work Order Type form will be displayed. Make the necessary changes, and then click the **Save** button when finished.
