

# Vendor Purchase Items Overview

Last Modified on 06/13/2024 4:59 pm EDT

Vendor Purchase Items are similar to Invoice Items, however these are selectable when entering a Purchase Order, Bill, or Credit for a vendor. Each Vendor Purchase Item is linked to a GL Account for the costing side of a transaction.

Typical entries are:

- Freight
- Expedite Fees
- Tax on Parts
- Subcontractor Services
- Legal and Accounting Fees
