

# Collections Status

Last Modified on 02/19/2025 6:38 pm EST

Use the Collections Status page to add, edit, and remove collection statuses. Collection statuses identify what queue customers are in. This page has a grid with these columns:

- Status Name – This is a text field.
- Status Description – This is a text field.

To add a status, click + Add Collections Status. Type a Status Name and Status Description, and select a Status Color.
