

Print Statements to the Same Address as Invoices

Last Modified on 07/01/2024 6:20 pm EDT

Managely gives the ability to users to deliver the statements to the same address as everything else set up under the bill-to information tab.

Managely now allows users to add the statements to be sent to the same bill-to address.

To do so, click the Bill-To information tab and enable the option for Primary Statement.

□

This allows statements to go to the address on the account.
