

# Once an invoice is marked as delivered it cannot be deleted

Last Modified on 12/13/2024 1:52 pm EST

When an invoice is first created, the Delete Invoice button available.

If you deliver, print, or mark an invoice as delivered, you cannot delete the invoice. You should print preview the invoice before delivering, printing, or marking as delivered to verify it.

If you create and save a manual invoice, these are the options:
